ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds: he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlins Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writes Rich. W. Thornton of Quray, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlins Wizard Oil, one bottle of which permanently cured her." Price 50c and $1.00.

Japan and the Philippines.

Hon. Eki Hoiki, first secretary to the Japanese Legation at Washington, delivered an address to the members of the Cleveland, Ohio, Chamber of Commerce yesterday evening, his subject being "Japan, America and the Orient." Mr. Hioki said in part:

"Now that the Japanese-Russian war is ended the world seems to be dilligently watching for the next act which will be produced on the stage of Oriental politics. There are various speculations. Some of them are clearly malicious in origin, while others are honest. Both are injurious to the interests of the world.

"Some preach from the high altar the doctrine of the yellow peril; some question the ambition of Japan; others, apprehend Japan's designs upon the Philippines. Taken altogether, it would appear that the world is trying to ascribe to the little island empire the position of a dictatorship in the Orient. I wish such was the real position of Japan, but I must confess, to my regret, that it is too far from fact.

"In spite of the influence which once it gained, the doctrine of yellow peril seems to have practically lost its hold on men's minds, at least in America.

"Frank and unreserved disavowal of the alleged designs of Japan upon the Philippines having frequently emanated from authoritive sources, it is superfluous for me to repeat them. If a bona fide statement of the responsible party failed to convince them, let us try a brief argument. Laying aside entirely for the moment, for the sake of argument, the consideration of the motive of Japan regarding the present subject, let me ask you a question. Can you believe that this great American people, who glory in their national spirit, in their gigantic strength, in their boundless wealth, in their marvelous development, and who look forward with proud and confident anticipation to the time when they shall be the first in the race civilization has set for men to run, would allow her flag to be lowered, be it in the Philippines or any other place which legitimately belongs to her but any hands but hers? No, most emphatically no. That is the spirit with which you cling to your new possessions in the Pacific, and that ought to be the spirit of the people. And who can better understand that spirit o the American than the Japanese? Therefore if Japan harbored a sinister design as is attributed to her, she must be prepared to plunge in a war far more gigantic than the one just ended against a nation to which she owes much for what she is today, and to whose people she owes that moral and financial support so unreservedly given at the most critical period in her history. No. The Philippines are not worth the sacrifice of such a valuable friendship as that of America and the enormous losses in men and money which such a war would necessarily entail. Nor is Japan in a position to carry on another costly war but for self-defense.

"The increased prestige of Japan turned the eyes of the world toward the problem of what influence Japan will wield over China. Without questioning either the value of the principles contained in the so-called Monroe doctrine or its applicability to the Eastern situation at present, I can simply say that such an idea has not entered into Japanese minds, and such a policy has not even the symptoms of formation.

"It is a matter of congratulation for Japan, as well as for all other nations, that there is a fair prospect of the increase of Japanese influence in China as a result of her increased prestige."

B Frank Clyde Killed.

Losing his balance as he was about to board a westbound train which was approaching the Fifty-second street station of the Pennsylvania Railroad in Philadelphia yesterday, B. Frank Clyde, vice president of the William P. Clyde Steamship Company and millionaire clubman, was dragged under the wheels of the locomotive and instantly killed. His body was terribly mangled and his face was crushed beyond recognition, identification being made by means of a tailor's label on the clothing bearing Mr. Clyde's name.

While the unfortunate man's body was being extricated from the forward truck of the car under which it had been wedged, Mrs. Clyde, unaware of the tragic ending of her husband's life, passed the scene of the accident on a train entering Philadelphia from Bryn Mawr, a suburb, where Mr. Clyde was bound when he met his death.

Mr. Clyde had been in West Philadelphia on business and was on his way to his country seat near Bryn Mawr. He arrived at the Fifty-second street station a few minutes before the Downington accommodation was due. He appeared to be in a hurry and paced the platform while waiting.

When the train approached the station he walked to the edge of the platform and stood facing the track, with one hand extended in order to grasp the hand rail of the car.

Apparently finding himself too close to the engine, he attempted to step back, but, instead, fell forward. The piston box struck him and carried him under the wheels of the locomotive. The drivers passed over him, and his clothing caught in the inward truck of the first car.

Mr. Clyde left his home in Philadelphia Monday night after dinner, saying he was going to his country place near Bryn Mawr. Mrs. Clyde went to Bryn Mawr yesterday to meet him, and not finding him returned to Philadelphia. She is prostrated.

Mr. Clyde maintained a city residence but spent much of his time at his country home, where he had an extensive stock farm.

Mr. Clyde was about fifty-three years of age. Only three months ago he had married Mrs. Bloomfield McIlvaine, who is considered one of the most beautiful women in Philadelphia society.

Could Not be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

Frightful Suffering Relieved

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr King's New Life Pills, "with the result," he writes "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at E. S. Leadbeater & Sons, drugstore, guaranteed.

WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhœa.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women.

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at E. S. Leadbeater & Sons, druggists.

ND VIRGINIA ADVERTISER

WEDNESDAY EVENING, OCT. 25, 1905.

NEWSPAPERS have been ranked as a textbook at Northwestern University, Chicago, and hereafter students in the American history class of Prof. James must come to the recitation-rooms prepared to answer questions on the news of the day. In the course of his lectures yesterday Professor James referred to an article which appeared in a morning paper. Upon questioning one of the members of the class he found that the student was not prepared to discuss current news, and an examination of the class showed that but two of the members had read a morning paper. If the professor had questioned them about a football game or the standing of any club in the baseball league he would have received prompt and correct answers, but the trend of the times now is for men to give more time and attention to sports and women more to "bridge" than to current events or useful literature.

THE NEW German customs tariff has increased duties on American goods to a surprising extent. On bacon the increase is 80 per cent.; on illuminating oil, 66 per cent.; wheat, 114 per cent.; wheat flour, 157 per cent.; corn, 212 per cent.; dried fruit, 150 per cent.; and fresh oranges, 200 per cent. On manufactured goods the changes are almost equally great. For instance, the tariff on sewing machines is increased 46 per cent.; agricultural machinery, 20 to 88 per cent.; steam engines and motors of all kinds, 40 to 1150 per cent.; boots and shoes, 70 to 177 per cent. and cotton seed oil about 25 per cent. The new rates are of such moment to Americans that they will be made the subject of serious negotiations between this country and Germany as soon as Ambassador von Sternberg returns to Washington, but what this country can do in regard to the matter so long as it maintains its present high tariff can hardly be foretold.

THAT THE political bank raiders who caused the crash at the Enterprise National Bank of Allegheny, Pa., last week, and drove Cashier Clark to suicide are gaining confidence that they will be able to hide many of the details of their operations was made yesterday evening Reiterated statements were made that all the Andrews-Torrance-Kennedy New Mexican paper found in the bank ruins was as good as gold, and that the politicians were not the men who did the wrecking. This talk carried with it the inference that Clark was the only man to blame, though the confession, or note, left by the dead cashier, if it can be dragged from its place of concealment, will, it is said, tell a different story. The truth is that the republican politicians have probably raised the money to lift the greater proportion of their notes in the Enterprise Bank, and that fact makes it bolder.

EFFORTS, it is said, are to be made by the heads of the Treasury, War and Interior Departments in Washington to drive out the usurers doing business within these departments, and to break up certain organizations formed for money-lending purposes only. It is understood that secret service agents are working in several bureaus of the departments named, and are said to have already secured evidence of usurious practices that may result in the dismissal of a number of clerks. No mercy should be shown such clerks, for it is openly stated they prey upon the misfortunes of their fellows and exact the last farthing from the oppressed regardless of circumstances.

THE METHODS of the Mutual Life Insurance Company's press agent in paying newspapers throughout the country to publish as news "doctored" reports of the insurance investigation and the low interest loans made by the Metropolitan Company to its president, J. A. McCall, and others were brought out before the legislative committee yesterday. This shows that the managers of these big corporations are not opposed to publicity provided always that the managers, themselves, give out what is to be published.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Oct. 25.

In the report of the Board of Visitors to the United States Military Academy, at West Point, N. Y., the statement is made that the practice of hazing at the academy has been entirely abolished. The board says that it has no hesitation in declaring that at no time since the establishment of the Military Academy have instruction and discipline been more efficiently and satisfactorily conducted than during the past year. The Board of Visitors expresses the belief that the regulation exempting from examination students who have been proficient in their work throughout the year has proved of great value, because of the effect it has in stimulating students to keep up a high standard throughout the entire year.

Richards on the Stand.

John W. Richards, on trial at Floyd Courthouse charged with the murder of Maurice Francis, his successful rival for the affections of Miss Grace Link, took the stand in his own defense yesterday, after his father and mother had been examined. He denied that he had ever worn a false mustache or any other disguise and corroborated the testimony of his family that he was at home at the time of the killing of Francis. He offered in testimony a letter from Miss Link written on Thursday preceeding the tragedy. It was admitted. The letter was as follows:

Mr. John W. Richards.

Dear Sir: Don't come Sunday or Sunday night, as I have an engagement with some one else; so don't come. G. L.

The last two woods of the letter were heavily underscored.

Richards admitted that he had proposed marriage to Miss Link, but had received no answer. He also said he was anxious to meet Francis and settle the matter.

He denied almost every statement sworn to by witnesses for the prosecution, but admitted that on the morning of the crime he had been hunting within two miles of the place where Francis was shot, and that he had a shotgun with him.

He was put under a very severe cross-examination, conducted by Mr. Wysor.

Attacked by Cossacks.

A dispatch from Kharkoff, Russia, says that a serious conflict between troops and the people, during which there were many casualties on both sides, occurred Monday night. While a meeting of 20,000 citizens, students, and workmen was in progress the cry of "the Cossacks are coming" was suddenly raised and a panic followed. Many persons were injured in the crush.

Subsequently the crowd came in contact with a detatchment of cavalry, revolver shots were fired by some of the civilians, and small bombs were hurled among the cavalry. The latter, thereupon, fired two volleys with blank cartridges and then fired with bullets. Both sides suffered seriously. Many of the wounded were left on the ground when the crowd dispersed.

Strikers have since plundered the gun-smiths' stores and have armed themselves. A number of bakeries have been destroyed, and all work has been stopped at others.

Scarcity in the necessaries of life is already felt at Kharkoff.

Russian Railroads Tied Up.

St. Petersburg, 25. —Despite the railway strike which has almost tied up the various roads throughout the empire, one train was run into Moscow today. The operation of the train was accompanied with danger, however, and many difficulties had to be overcome before the trip was finished. The engineer was threatened with death if he did not desert his engine, but stuck to his post. At several stations along the line between Kasan and Bristlitovsk, conflicts occurred between the troops and strikers in which many persons were injured. Tie-up now seems complete, as the employes of all the railways have joined the strike. The latest recruits to the strike movement are the employees on the Warsaw and Baltic line. No trains are now running into or from St. Patersburg. The strike is rapidly spreading amoug industrial concerns, and threatens to become general.

Advices from Warsaw, Poland, say that the ferment caused by the strike is increasing there. The employes on all the railroads on the Vienna line joined the strike. The number of railway men out on strike is estimated at 750,000. Proclamations are being scattered about the city urging the people and the strikers to attempt a revolution. The agitation is growing so bold that troops have been called out to hold the streets against the strikers and prevent demonsfrations.

An example of the effects of the strike is cited. A hospital train bearing 800 wounded and sick soldiers back from Manchuria, has been stalled near here and it is impossible to bring the sufferers into the city.

Radical action look toward the continuation of the strike until the demands of the employees are accepted was taken at a meeting of railway men held at the University, which lasted far into the night. Speeches of the most revolutionary character were made and wildly applauded. The Congress decided to send deputations to wait upon Prince Khiloff, minister at Railways, and Count Witte, to present an address, demanding reforms including a constitutent assembly elected by universal suffrage. Count Witte received the deputation. He told the working men that a constituent assembly, such as they proposed, was an impossibility at the present time. Universal suffrage, he declared, would give pre-eminence to the rich who would be able to influence votes. He promised that liberty of the press and freedom of meeting would be granted in the near future.

Mysterious Deaths.

New York, Oct. 25 —The police are trying to identify the body of a headless woman, found floating in the Harlem river, in the Bronx, from a gold wedding ring on which are the initials "C. L." A coroner's physician will perform an autopsy today to determine the cause of death. The police believe that the woman was murdered and her body thrown in the river. The body of the woman had been in the water a long time. It may be that the head was washed off by the action of the water, and it is probable that it was decapitated by the murderer. The woman appears to have been stout and well built. She was about five feet six inches tall. There is a theory that the woman was murdered, as was Gussie Pfeiffer, the Bronx girl, whose body was found in a Bronx thicket on September 12, she having been strangled and beaten and left to die in the woods. Joseph Gerard is wanted for this murder.

New York, Oct. 25.—There is a mystery as to the identity and whereabouts of the sweetheart mentioned in a letter left by Mary J. Caley, who, in the midst of luxury, committed suicide in the Aberdeen Hotel in west 32nd street yesterday. For Lillian, Give to Jack, was the inscription on the note addressed to Mrs. G. Allen, and inside the pathetic words: "Tired, Tired, Forgive me, darling, sister. Love. "MAY.

Beyond the facts that a man who always sent up his name to Miss Caley, as "Jack", and that he arrived in a red automobile, and was tall, and broad shouldered there is little to lead to the identification of the dead woman's friend. One of the hotel clerks now says that on one occasion, he asked him for his full name, and was told to say "Mr. McIlvaine wants to see Miss Caley". He took her riding in his automobile nearly every day. Fully dressed, the young woman had apparently arranged herself before a mirror in the bath room, of her apartments, and then pressed the revolver against her left temple. She registered at the hotel a week ago from Akron, Ohio. She was comely, and about 30 years of age. In her purse, studded with diamonds, and rubies, were $133.54. Jewerly valued at about $2,000 was found in her hand bag. The young woman was married several years ago to Frank Pitzer, of New York, but separated from him. Since that time she has divided her time between Cleveland, Ohio, and New York.

The President in Arkansas

Little Rock, Ark., Oct. 25.—President Roosevelt made his first appearance in Arkansas at Carlisle clad in a rain coat. A large crowd of people and a steady downpour of rain greeted him. It was the first rain he had encountered on his present trip. As the train stopped at Carlisle the crowd let loose a chorus of cheers, a whistle some where in the neighborhood set up an awful screeching, and the President had no doubt that a large portion of his constituency was demanding his presence. The President made the Carlisleites a little speech from the platform of the Signet. Just before the train left Birmingham last night Secretary Loeb and a local detective had an argument which resulted to the sleuth's discomfiture. The detective rushed up the President's carriage in the gloom and the Secretary warned him away. "I'm a secret service man," cried the stranger. "I don't care who you are," replied the Secretary, "You must not get too close to the President." The man advanced in spite of the warning and received a staggering blow from the Secretary's fist. He made a misdirected kick at the Secretary's shins, which struck nothing more solid than the atmosphere, then fell back in the crowd uttering maledictions. The President's train reached Fort Roots at 9:15.

Confederate Veterans.

Petersburg, Va., Oct. 25.—Petersburg is a sea of Confederate glory. There are as many Confederate flags on Sycamor and Connecting streets as there were of Old Glory on Main street, in Richmond, when President Roosevelt was there. The grand camp met in 18th annual convention promptly at 12 o'clock. Long before noon the little Academy of Music, not near large enough to hold the crowd, was filled with old veterans from all over the State. "Dixie," as usual, created a mighty hurrah. The Grand Commander dropped the gavel on the minute. Grand Chaplain Rev. Dr. Hyde, of Winchester, led in prayer. A hearty welcome to Petersburg was extended by Mayor W. M. Jones, which was responded to by Judge G. L. Christian. The address of welcome on behalf of A. P. Hill Camp, of this city, was delivered by L. L. Marks, the commander, and the response was by Lieutenant Commander J. H. Fulton, of Wytheville.

Capt. John Lamb introduced Miss Elizabeth Elliott Lumpkin, of Columbia, who thrilled the vast audience with an oration entitled "The Confederate Soldier." Camp will hold afternoon business session beginning at 4 o'clock. The sons will meet at 5 o'clock.

The Methodist Bishops.

Washington, October 25.—The semi-annual conference of Methodist Episcopal bishops convened in this city this afternoon. The first session, a secret one, was held at the Foundry Church. According to the rotation system for choosing a presiding officer, Bishop David H. Moore, of Portland, Oreg., called the conference to order. At subseqent sessions, he will be succeeded by bishops according to a list arranged in regard to seniority. As superintendents of the church, the bishops will report on the work they have been carrying on during the last six months. Assignments of bishops to preside over the forty-one conferences of ministers in the spring will be made. The question of "high criticism" of the Bible will come up, it is expected, in relation to the ratification of the election of Prof. Hinkley G. Mitchell to the chair of Hebrew in the Boston university.

A Prehistoric Battle.

Rome, Oct. 25.—Professor Giacomo Boni, who is directing the excavations of the Roman Forum, made important discoveries today. Under twenty-nine archæological strata he found a muddy plain where there were vegetable coal, pieces of pottery and several human skeletons, the bones being in positions which indicated violent deaths. Signor Boni is convinced that the mud deposit was a marshy valley between the Palatine and Capitoline hills, the inhabitants of which fought there about 800 B. C. Rome, according to tradition, was founded in 753 B. C.

Wage Situation in Fall River.

Fall River, Mass., Oct. 25.—After a two hours session of the textile council last night, Secretary Taylor announced that the council had voted to refer the wage situation to the severe unions. No recommendation was made. This means that the unions will meet tonight, when the question of strike or no strike will be presented to them for decision. Under the rules of the organizations, a two-thirds vote of a union is needed to declare a strike, and of the five unions three must declare in favor of a strike before an order can become operative.

Fire.

Millville, N. J., Oct. 25.—The greatest fire in its history threatened to wipe out the prosperous town of Leesburg, below this city, at an early hour this morning. The origin of the fire is unknown. Starting in Russell & Compton's saw mill, the flames spread so rapidly that the local fire fighting apparatus was helpless. The fire spread to the grist mill and both plants were totally destroyed with all their contents. Flying sparks started fire in the roofs of many houses but fortunately they were seen and speedily extinguished. Loss about $25,000.

It was at once perceived that Kerr was badly injured and he was taken to his home, where his physicians pronounced his condition serious and his death a matter of a short time.

To Revive Fleet.

The message was sent by the Prince of Monaco who has just finished a visit at Potsdam, to whom the Kaiser said: "You can assure President Loubet, and Premier Rouvier, that France has nothing to fear from me."

New York Stock Market.

New York, Oct. 25.—The trading during the first hour was full of interesting developments, but although business was active the movements were decidedly irregular. Arbitrage brokers say that London was inactive, because of brokers being busy with the fortnightly settlement. The anthracite coal stocks boomed this morning and for a time it looked as a very important deal was pending. New high records were scored by Reading and Delaware and Hudson in this market and by the Lehigh Valley in Philadelphia.

City Council.

The meeting of the City Council last night was about three-quarters of an hour in duration. The volume of business transacted was small. A vacancy in the representation from the Third ward, caused by the resignation of Mr. James Patterson, was filled by the selection of Mr. Frank J. Pollard. There was no opposition and his election was unanimous. A joint meeting of the Common Council and Board of Aldermen was held to chose a Police Commissioner for the Third ward to fill the vacancy caused by the resignation of Mr. Thomas A. Fisher. Mr. August Oehlert was the only nominee, and he was declared elected.

BOARD OF ALDERMEN.

All the Aldermen were present and the business which came before the board was quickly disposed of.

An ordinance to provide against obstructions over sidewalks in the city of Alexandria, and to provide penalties for the violation thereof; an ordinance to repeal section 7 of chapter 5 of the laws of the city of Alexandria of 1874; an ordinance in reference to the construction of bay windows in the city of Alexandria, and providing a penalty for the violation thereof, and an ordinance to repeal an act imposing penalties for obstructing the sidewalk on King street, passed by the Common Council last July and laid over by the Aldermen on the 10th instant, were read and again laid over.

Mr. Curtin presented a resolution appropriating $800 for repairs to the alms house, which was referred to the committee on public property and poor.

A petition of L. and D. Ruben asking that the granolithic pavement in front of their new house on St. Asaph street, between Prince and Duke, be allowed to remain, was received from the Common Council, that board having granted the request. The pavement is not on a recognized grade.

President Sweeney and Messrs. Marbury and Burke suggested that the petition should be referred to the committee on streets in order that the matter can be investigated.

Messrs. Hill, Fisher and Ballenger favored a concurrence.

It was finally determined to non-concur and refer the petition to the committee on streets.

The Aldermen subsequently repaired to the chamber of the Common Council for the purpose of participating in the election of a Police Commissioner from the Third ward, and upon their return adjourned.

COMMON COUNCIL.

The board met soon after the hour appointed. The entrance to within the bar has been arranged on the eastern, instead of the western, side of the chamber, so as to avoid passing through the new mayor's office.

The Board concurred in the action of the Aldermen at the last meeting in referring to a committee the Retail Protective Association's application for a law prohibiting the sale of provisions, &c., from wagons on the city streets. The communication sets forth that the huckstering of produce by unlicensed persons interferes with the trade of the retail stores and that the manner in which the traffic of the hucksters is carried on has a tendency to make additional work for the street cleaning department.

Council also concurred with the Aldermen at the last meeting of that board in reference to C. O. Pullman's petition to erect a small frame addition to his store; on the proposed ordinance relative to the National Sanitation Company; on the constitutional amendment relative to the assessment of paving taxes upon the abutting real estate and appropriating $200 to support the amendment.

Mr. Snowden inquired how it was proposed to use the $200.

Mr. Leadbeater explained that correspondence would be opened in support of the amendment with the other towns and cities of the State and the cost of inquiries and printing, &c., would have to be met.

Council also concurred with the Aldermen on the report of the committee which reported unfavorably on a request of Attorney James R. Caton that W. D. Zimmerman be reimbursed for time lost, by reason of an injury alleged to have been caused by a defective sidewalk and the report was adopted.

A letter from the State auditor announcing that the salary of the judge of the Corporation Court ($2,000) had been apportioned equally between State and city, $1,000 by each, was received and referred to the finance committee.

Council granted a permit to put a slag roof over the tin roof of the Corbey Bakery.

A protest from A. J. Butcher and R. T. Dove on behalf of the hucksters against the application of the Retail Merchants' Protective Association for the prohibition of the huckstering of provisions on the streets, was received. The hucksters urge that their business is legitimate, that their manner of doing business is a great convenience to people who do not live near retail produce stores and that they pay annual revenue to the city. The subject was referred to the committee on finance and general laws.

L. and D. Ruben made application that their new sidewalk on south St. Asaph street in front of their new dwelling be allowed to remain, stating that it was laid according to the best information they could obtain from the city authorities.

Mr. Leadbeater explained the circumstances of the case. He said that the city authorities feared that if any injury occurred to pedestrians, the city would be held responsible. The petition was granted under certain conditions, but was afterwards referred to the committee on streets, to which committee the Aldermen had referred it.

An ordinance establishing the grade of King street from Payne to Peyton street and beyond was read and referred.

Resolutions appropriating $300 to purchase street sweeper; and $2,000 to buy a stone crushing plant and $2,000 for a six ton steam roller were referred.

On motion of Mr. Harrison the Board proceeded to select a Concilman from the Third ward vice Patterson resigned.

Mr. Harrison in the name of the Third ward delegation nominated Mr. F. J. Pollard and he was unanimously elected Councilman from the Third ward.

Council concurred with the reference of the Aldermen of a proposal to appropriate $300 for Alms House repairs.

Mr. Spinks introduced a resolution reducing the price of gas after the first of January, 1906, from $1.30 to $1.10, with a discount of ten per cent. for prompt payment, was referred to the committees on finance and light.

The board adjourned before 9 o'clock.

JOINT CONVENTION.

The Aldermen entered the council chamber and the chair announced that a joint convention had opened to select a Police Commissioner from the Third ward, vice Fisher, resigned to accept the position of Commissioner from the Second ward.

Mr. Harrison in the name of the Third ward delegation nominated August Oehlert, and Mr. Oehlert was unanimously elected.

The convention then dissolved.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

Weather Probabilities.

For this section rain to-night. Thursday clearing and colder; winds becoming northeasterly and increasing.

Tugboat Raised.

The tug Spray, which sank in her dock between Cameron and Queen streets recently, has been raised and pumped out and it is understood the tugboat will be given a general overhauling and put in order for service again. The Spray has been employed in towing stone-laden scows from the quarries at Occoquan to Washington, and it is understood she will return to that service when she goes into commission again. The Spray was at one time a private yacht and was used on the Potomac by her owner. At one time she belonged to the Arrow Shipbuilding Company which in 1887 pretended they were about to build at the shipyard in this city a steamer 540 feet long to be known as the Poccahontas.

Struck with a Plate.

Virginia Nelson and Belle Reeves, both colored, became involved in a difficulty in the northwestern section of the city this morning, during which the latter used a plate on the cranium of the Nelson woman. She received a cut which sent the blood cascading down her face and clothing, and in this condition started toward the Alexandria Hospital, attracting considerable attention as she passed through the streets. Upon reaching the hospital it was found that her injuries were not serious. Belle Reeves, it will be remembered, was taken to the hospital several weeks ago with a bullet in her leg, her husband having shot her during a row.

Fugitive Captured.

Charles Baltimore, colored, was arrested last night by Officers Bell and Mayhugh charged with drunken and disorderly conduct and for being a fugitive from justice. He was brought into the Police Court this morning and had his case continued for the reason that he was under the influence of a drug or whisky. Baltimore, it will be remembered, several weeks ago was found in Mr. M. Schuler's store, on upper King street, and escaped leaving his hat in the store. He was later arrested and while at the station house succeeded in making his escapes, since which time he had been a fugitive from justice.

New Officials.

The Common Council last night elected Mr. F. J. Pollard a member of that body to fill the vacancy caused by the resignation of Mr. James Patterson from the Third ward. Mr. Pollard is a well-known business man of this city and his selection meets with general approfation.

A joint session of the two boards of Council was subsequently held for the purpose of electing a Police Commissioner from the Third ward, and Mr. August Oehlert was unanimously chosen. Mr. Oehlert has for many years been identified with the business interests of Alexandria, and he will doubtless prove a practical and useful member of the board.

Weddings.

The marriage of Miss Lulu Whiting and Mr. Garnett Floyd Saunders took place last night at the residence of the bride's sister, Mrs. W. B. Davis, 211 south Alfred street. The bride was gowned in white organdie and carried a shower bouquet of Bride's roses. Rev. J. P. Stump, pastor of the M. E. Church South, officiated. The wedding was entirely a family affair.

The wedding of Mr. Robert Forsythe Downham and Miss Mary Regina Greenwell will take place at the bride's home this evening at 7 o'clock.

Police Court.

The following cases were disposed of this morning:

Charles Baltimore, colored, arrested by Officers Bell and Mayhugh charged with drunken and disorderly conduct and for being a fugitive from justice, had his case continued.

A man who had been cited to appear by Lieutenant Smith for obstructing a street while engaged in granolithic work was dismissed with an admonition.

A man, arrested by Officer Bettis charged with abusive language toward a woman, was dismissed.

The New Ferry Steamer.

As heretofore stated, the new ferryboat Woodbury will leave Wilmington, Del., next Saturday for Washington, and she is expected to pass this city Sunday afternoon. Invitations have been sent to a number of Alexandria officials, business men and others to go on a trial trip of the new steamer next Monday. The Woodbury will leave this city about half-past 11 o'clock in the morning and will go down the Potomac as far as Marshall Hall.

Fell from a Wagon.

Mr. John Harlow was painfully injury this morning at the intersection of Cameron and Lee streets by falling from a wagon. The accident was caused by the seat of the vehicle being dislodged from its position. Mr. Harlow fell into the street, cutting his head and wrenching his side. He was picked up unconscious and taken to his home, where he was attended by Dr. Jones. His injuries, while painful, are not of a dangerous nature.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon, instead of Friday, at 4 o'clock, at the Children's Home on Duke street. The ladies of the union and also friends of the home are requested to meet at 2 o'clock for the purpose of sewing for the children. If convenient, to stay until after prayer meeting the ladies are requested to bring their supper. The prayer meeting will be held at 7:30 o'clock, to which all are invited.

Fine Sausage.

Messrs. P. Pulman & Co. are now making a fine grade of handmade sausage which can be had at their store at the corner of Duke and Alfred streets. The best materials are used in its manufacture and the sausage is finely seasoned. Messrs. Pulman & Co. keep for sale fine and select meats of all kinds and a general stock of fine groceries, &c.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

In addition to those heretofore mentioned the grand jury yesterday returned indictments against Wallace Twyman, charged with robbery, Fred Lee with housebreaking, and Dennis Harris with grand larceny.

Judge Nicol has referred the cases of John C. Nelson and James La Fontaine, charged with violating the gambling laws of the State, to Magistrate J. E. Suppliee, of Jefferson district, for trial, and the hearing will be held in the Del Ray schoolhouse November 1. Bond in the sum of $500 for each defendant was furnished.

The court was occupied this morning in hearing arguments in the condemnation proceedings of the Washington-Southern Railway Co. vs. Swann. The petition filed by the Swann heirs was dismissed on the ground that the right of way over a certain part of the property had neither been asked for nor condemned.

Com. vs. J. W. Gaines, colored, indicted for selling liquor without a license; case in progress.

The Arnold Stock Company.

The Arnold Stock Company scored another hit at the Opera House last night in "Midnight in Chinatown." The house was crowded again and the melodrama was thoroughly enjoyed and vigorously applauded. Clyde Franklin again played the hero part, while Miss Beall played the part of the heroine, W. W. Shuttleworth, as Frank Meredith, was excellent, and, judging from the hisses hurled at him, was all that could be asked. The company would certainly miss him if he did not handle the heavy roles. Peter Don, as the happy-go-lucky tramp, scored the hit of the evening and his playing was a success in every particular. The specialties were again of a high-class order, and each one was heartily applauded. Pauline Seymour, as Blanche Graham, was capable in every manner. Miss Seymour handles her parts as if she were born to them and gives fine support to the other members of the company. Tonight the company will present the New York success, "A Child of the Slums," with little Naomie in the principal role.

Progressive Euchre.

The Ladies' Auxiliary to R. E. Lee Camp, Confederate Veterans, have perfected arrangements for holding their progressive euchre party in the Young Men's Sodality Lyceum Hall on Monday night next. The party will be for the benefit of the building fund of Lee Camp. A number of useful and pretty articles have been donated by residents of this city and Washington, among which will be two tons of coal by Mr. W. A. Smoot. There is a miscellaneous collection of articles, including clothing, furniture, bric-a-brac, etc.

Body Found.

Off Magazine wharf about 10 o'clock this morning the police boat Vigilant picked up the floating body of a drowned white man about 6 feet in height with bald head. He wore an Odd Fellows' pin and seal ring with initials P. P. H. The cuffs worn bore a similar mark. The body was carried to the morgue in Washington to await identification. It had evidently been in the water for some time and was covered with mud.

Steamer Sold.

The Norfolk and Washington Steamboat Company has sold the old ferry steamer Columbia to Mr. Jospeh Heath, of Washington. It is understood that the engine and boiler will be removed from the steamer and that it will be converted into a houseboat. The upper portion of the Columbia was burned several years ago. The steamer was this evening towed to Washington.

LOCAL BREVITIES.

Mr. and Mrs. R. A. Tucker have returned from a pleasant visit to Loudoun county.

The Old Dominion Boat Club has arranged for the enlargement and remodeling of its boathouse.

Mr. E. Stuart Smith has purchased from Mrs. Catherine E. Heisley the grocery store at the northwest corner of Prince and Fairfax streets.

Mr. James Aker, living on south Fairfax street, had a chestnut to lodge in his throat last night. He sought a doctor this morning who succeeded in dislodging it.

Complaint has been made to the police of the conduct of certain men who sit in front of the Citizens' Bank on King street and violate the law concerning spitting on the sidewalks.

Cloudy weather set in yesterday evening and was followed by light rain before the close of the day. Other showers fell during the night. Similar conditions have prevailed today. Clearing and colder weather is predicted for tomorrow.

A union meeting for the promotion of Sunday school work in this city will be held next Sunday afternoon at 3:30 o'clock in the Methodist Episcopal Church South. Rev. Dr. Gilbert, of Washington, will be among those who will deliver addresses.

The Emma Smallwood Case.

A dispatch from Hyattsville, Md., says that the coroner's inquest in the case of Emma Smallwood ended late yesterday afternoon with a verdict to the effect that Emma Smallwood died some time between 9 o'clock a. m. on Monday, October 9, and 8 o'clock p. m., Thursday, October 12, on the premises of Col. John Hancock, from the effects of a criminal operation performed by some person or persons to the jury unknown, and that Winfield Scott Hancock and Mrs. Amanda Mackall, his sister, were cognizant of and accessory to the act.

The announcement of the verdict was received with surprise, the evidence against these people being generally regarded as purely circumstantial. Although the jurors were sworn to secrecy as to the testimony adduced, enough was learned to warrant the statement that little light was thrown on the affair in addition to that already given in the press reports from time to time.

It is not expected that Mrs. Mackall will be placed in actual custody, but will, probably, within the next few days, go through the formalities of giving bail for her appearance at the April term of court. She will give bond in the sum of $5,000.

The President's Speech.

President Roosevelt spoke to the colored people at Tuskegee Institute and to the people of Montgomery and Birmingham, Ala., yesterday. In his Tuskegee speech he said:

Viewed from any angle, ignorance is the costliest crop that can be raised in any part of this union.

If in any community a misunderstanding between the races arises over any matter, infinitely the best way out is to have a prompt, frank and full conference and consultation between representatives of the wise, decent, cool-headed men among the whites and the wise, decent and cool-headed colored men.

The race cannot expect to get everything at once. It must learn to wait and bide its time, to prove itself worthy by showing its possession of perseverance, of thrift, of self-control. The destiny of the race is chiefly in its own hands.

The future of the South now depends upon the people of both races living up to the spirit and letter of the laws of their several States and working out the destinies of both races, not as races, but as law-abiding American citizens.

Spanish Republicans.

The Spanish Senators and Deputies favorable to the establishment of a Spanish republic having been forbidden to personally address President Loubet, who arrived in Madrid Monday to return the visit of King Alfonso to Paris, have published an address of welcome which in reality is a manifesto in favor of a republican form of government. It says:

"The republicans of Spain greet the ruler who is the free choice of the people he represents. The adoption by France of a republican regime has carried the spirit of republicanism throughout the world. The visit of the republican President to Spain recalls the bloody struggles which the Spanish liberals made against traditions. Republican France represents the freedom gained by revolution, and it is toward the same end that Spain tends."

M. Loubet yesterday morning attended a brilliant military review.

Fifty Killed in Riot.

A dispatch from Santiago, Cuile, says that about 50 persons were killed and 500 wounded during the recent rioting there. The troops are restoring order.

During the day more troops reached Santiago and with their arrival relative tranquility prevails and the city is gradually assuming its normal condition.

A bitter feeling prevails against the authorities. The outbreak is not considered to be political, but is believed to be the work of rowdies who were encouraged by the absence of the troops at the maneuvers. The police force was unable to cope with the rioters.

The officials of the street railroads estimated the damages done to their property at about $250,000.

Alleged "Tainted" Blood.

Berlin, Oct. 25.—The decision of the court of arbitration as to the right of succession to the throne of the Principality of Lippe is expected today. The question had been pending since 1895, when Prince Waldemar, the reigning prince, died. The two claimants for the throne are Count Leopold and Prince Adolph Wilhelm, of Schaumburg-Lippe.

The question of the right of succession has hinged on which of the two claimants had the purer royal blood. Count Leopold's cause has been injured by the protests made by Prince Adolof that the Count had blood of an American merchant in his veins through his mother, the Countess of Wartensleben, who was Miss Mathilda Halbach-Bohlen, of Philadelphia. Count Leopold has retaliated by stating that one of Adolf's ancestors married an obscure plebian which tainted his royal blood.

Alleged Pirate Craft.

Newport, R. I., Oct. 25.—Although the net spread by the police of this city has failed so far to entrap in its meshes Henry H. Jackson who is alleged to be the captain of the "pirate" craft, Dorado, there have been several developments which will aid materially to clear up the mystery surrounding the Dorado's movements along the shores of Naragansett Bay, and Long Island Sound. The most important feature has been the arrest of Otto Stiefel, who admitted to the police that he was associated with Jackson, and his companions. Stiefel was brought here from Providence last night, and placed in jail. The purpose is to have him identify the plunder found aboard the Dorado, and the catboat Bessie, and tell the authorities where it was stolen.

Everybody's Magazine for November has been received from its publishers in New York, and the variety of its subject matter makes this number one of special interest. In "Frenzied Finance" Mr. Lawson gives fragments of American financial history never before related. An illustrated article tells the amazing story of "The Rothschilds of France." "The Night that made me a Revolutionist" is the heart-breaking autobiography of a young Russian student. The Orient is vividly brought before the reader in the description of "The Sacred Animals of India." The history of "Ella Rawls Reader, Financier," is continued, and Eugene Wood contributes a humorous essay—"Chickens." Fiction is represented by nine bright stories, and reviews of books, music and art complete this issue.

TELEGRAPHIC BREVITIES.

The bull-fight at Madrid, which was arranged in honor of President Loubet, of France, during his visit to Spain, was prevented by a rain storm.

A dispatch from Christiana, Norway, says the proposed proposal to subject the question of the choice of a king to a plebiscite will be discussed on Friday.

Masked robbers blew the safe open in the Private bank of Harvey Hoag, at Barker, N. Y., this morning, and succeeded in making their escape with their booty. The amount taken is not yet stated.

Thirty horses perished in a fire which destroyed the big barn of Frank W. Snyder, a contractor in the rear of 68 south Orange avenue, Newark, N. J., this morning. Snyder places his loss at $15,000.

Why He Wanted a Tenner.

Application was made at half a dozen stores before the man could get one ten dollar bill for his roll of ones.

"I don't see," said the man's companion, "why you went to all that trouble. You are going to pay the money right over to your tailor. Why didn't you give him the one dollar bills?"

"Because it would make a bad impression," was the reply. "I am broke, but I don't want him to know it. Whenever you get in that fix pay your debts in the largest bills that you can get hold of. It enhances your value in the estimation of tradesmen and paves the way for further credit. A fellow will think a heap more of you if you pay with one five dollar bill than with five ones. A handful of chicken feed indicates that you have had to hustle around pretty lively to get the money and that there isn't much left where that came from. A man who really has money can afford to pay in pennies if he feels like it, but he who has little can keep up his credit only by using large bills."—New York Press.

The Dog Has No Mechanics.

In no well attested case has a dog shown any sense as to the nature of any mechanical contrivance. Dogs will learn which way a door opens, and rarely if ever do they undiscerningly close it when it is slightly ajar when they wish to pass through the opening, but I have never been able to observe or obtain evidence to show that they would pull down the latch in the way in which a cat readily learns to do. Much as dogs have had to do with guns, they display no kind of interest in the arms except so far as they are tokens of sport to come. They connect the explosion with the capture of the game and will search for it in the direction in which the barrel was pointed. I have not, however, been able to find that they know, as they might readily do, when the weapon was loaded and when empty. They show no interest in it, such as monkeys readily display toward any mechanical contrivance to which their attention has been directed. All these negative features indicate that the mechanical side of the canine mind is entirely undeveloped.—London Standard.

Men Who Make Clubs.

As to social clubs of men, there are two classes of members—the positive and the negative. In an organization of a thousand members you will find, probably, nine hundred and ninety-nine negatives and one positive. This one positive is seldom the president, but nearly always the treasurer or secretary. It is he who regards the club as his home, his family, his wife and children. His whole heart is wrapped up in its success. He brings in the new members and is always on hand to shoulder burdens which the negatives willingly impose upon him. He never rebels, never protests, never complains. A club is a community of selfish interests, as a rule, and every selfish negative agrees with every other selfish negative that such and such a man is the ideal secretary, treasurer or manager. A good secretary or treasurer is seldom promoted; he is too useful.—New York Press.

One of the Cluster.

A man is but a cluster on the great human grapevine. He begins to dry up the moment he is cut off from his fellows. There is something in the solidarity of the human race which cannot be accounted for in the sum total of all the individuals. Separation from the mass involves a mighty loss of power in the individual, just as there is a loss of cohesion and adhesion involved in the separation of the molecules and atoms of the diamond. The value of the gem is in the close contact, the compactness and the concentration of the particles which compose it. The moment they are separated its value is gone. So a strong, effective man gets a large part of his strength from the vital connection with his fellows.—Success Magazine.

Founded on Herring Bones.

Dutch monopoly of the North sea fishing grounds during the seventeenth century brought such wealth and prosperity to Amsterdam that the capital of Holland was popularly said to be founded on herring bones. No less than 50,000 Hollanders were directly engaged in fishing the coasts from near Yarmouth to as far north as the Shetlands, and 150,000 more were employed, indirectly, in the distribution and sale of the fish. Sir Walter Raleigh pointed out to James I. how the Dutch sold to the Yarmouth herring mongers fish caught in their own seas for English gold, with which they built annually a thousand ships and fishing boats.

The Voice of Sincerity.

Children are said to be good, although unconscious, judges of human nature, and most of them do at least recognize sincerity and detect pretense.

"Come here, my little darling," said the book agent. She had a face which belied her words, but she was trying to cultivate the little daughter of the woman who had not yet come downstairs. "I do so love children," she added, in a clear tone, as she heard footsteps on the stairs, "but you seem to like the kitty better than me. Why are you so fond of her?"

"'Cause she purs as if she meant it," said the little girl calmly.

Where He Drew the Line.

M. de Sainte-Beuve, the popular French writer, once fought a duel. When the principals took their positions, it was raining hard. Sainte-Beuve had his pistol in one hand; with his other hand he held up his umbrella The seconds protested.

"I have no objection to being killed," said he, "but as to being wet—no, no!"

No Plagiarism There.

"I challenge you," said the young poet, "to find a single line that I have borrowed or stolen from any one."

"There's no doubt," replied the critic, "that it's all yours. But if I were you I wouldn't let it happen in my next book."—Chicago Record-Herald.

A Perfect Gentleman.

Little Elmer—Papa, what is a perfect gentleman? Mr. Broadhead—A perfect gentleman, my son, is a man who, when you start to tell him your troubles, does not break in and try to tell you his.

A Little Ambiguous.

"Beg pardon," said the missionary, "but will you translate his majesty's remarks again? Did he tell his daughter that he was to have guests to dinner or for dinner?"

In Doubt.

Farmer Blake (at New York restaurant)—Waal, Miranda, here's spinach 60 cents. I wonder naow if that's a peck or bushel.—Life.

A Splendid Idea.

A new idea in a Cough Syrup is advanced in Kennedy's Laxative Honey and Tar. Besides containing Pine Tar, Honey and other valuable remedies. It is rendered Laxative so that its use insures a prompt and efficient evacuation of the bowels. It relaxes the nervous system, and cures all coughs, colds, croup, whooping cough, etc. A red clover blossoms and the honey bee is on every bottle of the Original Laxative Cough Syrup—Kennedy's Laxative Honey Tar. An ideal remedy for children. Mothers praise it. It is best for all Sold by W. F. Creighton, & Co., 401 King street.

Conviction Follows Trial
When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.
Could any amount of mere talk have persuaded millions of housekeepers to use
Lion Coffee,
the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in
Purity, Strength, Flavor and Uniformity?
This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.
If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.
LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada.
